

PRESS RELEASE

TERRANUOVA BRACCIOLINI, SEPTEMBER 9th 2026

FIMER: AN AUTUMN OF EVENTS ACROSS ITALY AND AROUND THE WORLD – TECHNOLOGY, EXPERTISE AND THE VALUE OF ‘MADE IN ITALY’ IN THE PHOTOVOLTAIC SECTOR

An exciting program of events will take FIMER across Italy and into key international markets, featuring technical training sessions and participation in some of the leading events dedicated to photovoltaics, energy storage and energy transition.

The program is designed to provide valuable opportunities to engage with industry professionals through training sessions, technical workshops and direct discussions with FIMER experts. The company will present its solutions for various market segments, from residential and C&I to utility-scale applications, with a particular focus on the latest technological innovations.

Training and expertise with the FIMER Certified Installer (FCI) program: 15 September, 14 October and 18 November – Terranuova Bracciolini (AR), Italy

The FIMER Certified Installer (FCI) program provides technical training and certification for installers, focusing on FIMER solutions and the skills required for installation, commissioning and technical support.

FIMER Roadshow Italia 2026 reaches Turin, Mantova, Catania and Rome

Four new stops will bring FIMER together with industry professionals, in collaboration with distributors, partners and local industry players.

10th September – Castello Cavour, Santena (Turin), Italy: Training Day organised by Elfor, focused on regulatory developments and available incentives for installers, designers and industry professionals.

16th September – Coenergia headquarters, Bondeno di Gonzaga (Mantova), Italy: training and update session for industry professionals, with a focus on Iperammortamento, Conto Termico 2026 and technology solutions.

22nd September – Enerklima headquarters, Catania, Italy: Openhub, a technical event for installers and partners, focused on the latest technologies and industry expertise.

25th November – Novotel Roma Est, Rome, Italy: OnEcoHotel Summit 2026, organised by OnEnergy and dedicated to energy efficiency in the hospitality sector, with a focus on the role of solar and storage in improving the efficiency and sustainability of hospitality facilities.

FIMER meets the market at leading industry events in Italy and around the world

The program is complemented by FIMER's participation in some of the leading events dedicated to solar, energy storage and the energy transition, both in Italy and across international markets. The calendar spans Europe, Asia, Australia and the United States, providing opportunities to meet partners, customers and industry professionals and to present FIMER's portfolio for residential, C&I and Utility-Scale applications, including its latest technological developments.

Key events on the calendar:

SSEC – Storage & Solar Expo Conference, Vicenza, Italy – 22–23 September – [Hall 1, Booth 232](#)

Solar & Storage Live UK, Birmingham, UK – 22–24 September – [Booth D51](#)

Solar&Storage Live Italia, Verona, Italy – 7–8 October – [Booth F21](#)

Energy Taiwan, Taipei, Taiwan – 14–16 October – [Hall 1, Booth J0504](#)

NetZero Expo-Summit, Milan, Italy – 20–22 October

All Energy Australia, Melbourne, Australia – 28–29 October – [Booth PP151](#)

Energy Week, Vietnam – 4–6 November – [Booth S4](#)

RE+ 2026, Las Vegas, USA – 16–19 November – [Silver Lot, Booth S11002](#)

FIMER's presence across different markets is also an opportunity to listen to and engage with local stakeholders, share expertise and know-how, and gain a deeper understanding of the specific needs of each market, maintaining a direct dialogue with supply chain operators.

Further information, event programs and registration or ticket details are available in the **Media > Events section of the FIMER website**

About FIMER

FIMER is a brand owned by MA Solar UK and a leading manufacturer of renewable energy solutions. The Company, specializing in the production of solar inverters, offers a wide range of solutions designed for any application. With local training centers, 2 production sites, one in Italy and one in India, FIMER is close to its customers in the evolving dynamics of the energy sector.
