

Terms and Conditions of Supply

STANDARD, STANDARD “+”, ASSURE, ADVANCED Warranty for inverters, accessories and batteries

Document valid from: January 15th 2025

1. DEFINITIONS

Agreement: all the provisions of the Terms and Conditions, the Order and the Order Confirmation.

Battery (ies): the REACT 2 batteries specified in the Order Confirmation.

Corporate Group: all the companies directly and/ or indirectly controlled by a Party and the companies subject, together with this Party, to a common control.

Customer(s): the subject who requests and/or receives an Offer or sends an Order to MA SOLAR, and, if required by the Order Confirmation and/or by law provisions, any related successors and/or assignees.

FIMER: means the brand “Fimer”.

MA Solar: MA Solar Italy S.r.l., with registered office: Via Torri Bianche No. 9, Vimercate Tax Code and VAT No.: 13892480966 R.E.A.: MB-2750553

Digital domicile: masolaritaly@legalmail.it

Manufacturer:

MA Solar Italy S.r.l. (Previously FIMER S.p.a.), Via San Giorgio 642, 52028 Terranuova Bracciolini (AR) Italy. Phone: +39.055.9195703, email: info@fimer.com

Importer:

Marici Australia Pty Ltd (FIMER Australia)
Unit 4, 414 Marion Street. NSW, 2200, AUSTRALIA
Phone: 1800.769.663,

Email: au.solar-support@fimer.com

Gamma Power: indica la gamma di inverter POWERUNO/POWERTRIO/POWERX

Garanzia Fimer: indica la garanzia rilasciata da MA Solar sui prodotti a marchio Fimer.

Inverter: the UNO-DM, REACT 2, TRIO, PVS-10/15, PVS-20/33, CENTRAL PLUS single-phase and three-phase string inverter and respective accessories (excluding REACT 2 batteries) specified in the Order Confirmation.

Offer: the document that MA SOLAR submits to the Customer to verify the availability of the Product and subsequently place an Order.

Order: the document (and its attachments) signed by the Customer and submitted to MA SOLAR for approval, through which the Customer requests that MA SOLAR supplies the related Products and/or Services. The definition of the Order also

encompasses the provisions of the Order accepted by MA SOLAR after fulfilment of the Agreement.

Order Confirmation: the written communication by means of which MA SOLAR confirms acceptance of the Customer's Order, thereby fulfilling the Agreement.

Parties: the Customer and MA SOLAR.

Party: the Customer and/or MA SOLAR.

Price(s): the amount(s) indicated in the Order Confirmation.

Product(s): the Batteries and Inverters specified in the Order Confirmation.

Repair Center: refers to the repair center branded as Fimer.

Service(s): the service(s) specified in the Order Confirmation.

Supply: the entire object of the Order Confirmation.

Terms and Conditions: the general terms and conditions of this Agreement.

The Agreement shall be considered as concluded between the Parties as soon as MA SOLAR, after receiving the Order, has communicated its acceptance in writing to the Customer. Customers, as soon as they are in possession of the Order Confirmation, shall check all the data contained therein; such information shall be understood as approved by Customers, unless immediately challenged in writing by the latter.

The materials and services not expressly described in the Order Confirmation shall be invoiced separately.

Website: refers to the website www.Fimer.com owned by MA Solar and/or any web pages and/or web links associated with the Fimer trademark owned by MA Solar.

2. STRUCTURE OF THE AGREEMENT

Unless otherwise agreed to by the Parties, the Customer agrees that each Order referring to the Terms and Conditions, and the relevant Order Confirmation from MA SOLAR, is a separate Agreement, legally independent from any others.

Each time the Customer submits an Order which is subject to the Order Confirmation by MA SOLAR the relevant Supply shall be subject to the further contractual conditions for Products and/or Services

indicated in the Order and in the Order Confirmation which are part of the Agreement.

In case of differences between the terms of the contractual documents, those contained in the Order Confirmation and in the Terms and Conditions prevail over those contained in the Order, and those contained in the Order Confirmation prevail over those in the Terms and Conditions. Any eventual general conditions applied by the Customer not expressly accepted in writing by MA SOLAR, also where indicated in the Order and/or on the reverse of the Order, shall not apply.

MA SOLAR's Offer is valid only when transmitted in writing and for the period indicated in that Offer. No MA SOLAR agent or intermediary has the power to accept Orders on behalf of MA SOLAR.

The Agreement is stipulated between the Parties when MA SOLAR, after receipt of the Order, notifies the Customer in writing about the acceptance of the same by sending the Order Confirmation. Upon receipt of the MA SOLAR Order Confirmation, the Customer should verify all the information provided therein; it is considered accepted by the Customer if not challenged immediately in writing by the latter.

The materials and services not expressly described in the Order Confirmation will be invoiced separately.

These Terms and Conditions shall only apply to the Supply of Products and/or Services, as the case may be. These Terms and Conditions, together with the Order and the Order Confirmation, shall represent the entirety of the contractual terms and conditions entered into between MA SOLAR and the Customer, regarding a specific Supply and shall, in this respect, supersede any other communication and/or oral or written agreement between MA SOLAR and the Customer.

By availing itself of (the rights and remedies provided by) these Terms and Conditions, the Customer hereby agrees to abide by the same Terms and Conditions.

3. GENERAL TERMS

3.1. All the information exchanged by the Parties shall be considered confidential.

3.2. The Parties may communicate by electronic means and these communications shall be considered equivalent to a written document, having full contractual validity between the Parties, except as provided under mandatory provisions of applicable law. The identification code contained in an electronic document, albeit differing from a digital signature, shall be sufficient for the identification of the sender and the authenticity of the document. In particular, the Parties expressly agree that any Order transmitted by electronic means will be considered equivalent to a signed paper document by the Parties, with the same

compulsory and binding effect, except as provided under mandatory provisions of applicable law.

3.3. The transfer of the Agreement within MA SOLAR Corporate Group shall not require the Customer's consent.

3.4. The Customer agrees that, at the care and expense of MA SOLAR, MA SOLAR can install on the Products any technical modifications considered mandatory by MA SOLAR (for example, those necessary for safety/security reasons). The parts removed become the property of MA SOLAR; the Customer declares that it has suitable authorization from the proprietor or holder of other rights, to transfer to MA SOLAR the ownership and possession of the parts removed.

3.5. The Customer is only responsible for the results obtained from the use of the Products and/or Services.

3.6. If any clause of the Agreement is declared invalid or unenforceable, the remaining clauses of the Agreement shall remain fully applicable and valid.

4. PRICES

Except as otherwise set out in the Confirmation order agreed in writing, the Price refers to a Supply delivered CPT at agreed place of destination and excluding VAT, customs duties and, in general tax or financial charges connected with sale and export. The Prices agreed do not bind MA SOLAR in the case of changes to the quantities and/or qualities of the Products to be provided and shall be updated in the case of extension of the delivery schedule for the reasons foreseen under Article 6 (Delivery Schedule) of the Terms and Conditions.

5. PAYMENT & INVOICING

The Price shall always be paid via bank credit transfer to the account designated by MA SOLAR within the contractually established dates or, unless otherwise agreed, within 30 (thirty) days from the date the invoice is issued. The transfer of sums to MA SOLAR is always at the risk of the Customer, whatever means of payment is chosen. Any agreement on or the receipt by MA SOLAR of notes or documents of credit are understood as mere facilitation for the transaction, and grants MA SOLAR the right to reimbursement of the applicable interest, costs and commissions, is subject to clearance thereof, and does not change the place of payment, which remains as indicated above. In the case of late payment, the Customer shall pay MA SOLAR interest for late payment at the rate determined on the basis of Article 5 of Legislative Decree No. 231/2002, without prejudice to any further damages. When possible according to the Supply, MA SOLAR may split the invoicing of deliveries. In this case, each deliver will be billed separately, as per the contractually established

payment terms. Any complaint by the Customer, including for delayed deliveries or incomplete Supply of non-essential parts, does not give the Customer the right to suspend or delay payment.

Except as explicitly agreed otherwise by the Parties, invoicing for the delivery of the Products shall be done in full at shipment.

In the case of labour services or on-site activities paid as consumed, MA SOLAR shall issue the relevant invoice simultaneous to the receipt of MA SOLAR personnel time cards duly countersigned by the Customer.

6. DELIVERY SCHEDULE

The delivery dates run from the date of the latest among the following events:

- from the date of the agreement between the Parties on all the delivery conditions;
- from the receipt by MA SOLAR of the advance payment for the Order, where foreseen;

from the receipt by MA SOLAR of the technical data from the Customer or third parties designated thereby or from the approval of MA SOLAR's executive drawings and plans by the Customer, where foreseen;

- from the receipt by MA SOLAR of the materials which must eventually be provided by the Customer or by a third party designated thereby;

- when the Customer receives authorization to import the material(s) or to make the payments, where applicable. To calculate delivery dates, weeks of 5 (five) working days, excluding public holidays, are considered. The delivery dates indicated are considered automatically extended in the case of unforeseen events for a period of time equivalent to the duration of the event itself. MA SOLAR will not therefore be liable, in any case and for any reason, for any direct or indirect damages caused by the delivery of materials later than the date indicated; the Customer, however, accepts delivery of the material ordered also after that date. The delivery date is further extended if the Customer does not perform its contractual obligations on time and, in particular:

- if payments are not effected timely;
- if the Customer does not provide the data necessary at the schedule time before or during processing;
- if the Customer requests changes during the processing of the Order;
- if the Customer delays delivery of material before or during the processing of the Order.

If delivery is not made for any reason due to events independent from MA SOLAR, the delivery is considered as made to all effects upon simple notice of completion of Supply.

By delivery date the Parties mean the date of issue by MA SOLAR of notice of goods ready or notice of

shipment to the Customer, or consignment to the carrier or shipper indicated thereby in the Order, or in the notice of goods ready for testing.

7. DELIVERY - PACKAGING - SHIPMENT AND TRANSPORT

Except as otherwise agreed in writing, MA SOLAR delivers its Products CPT to the agreed place of destination. The Products transported CPT are not insured against risks deriving from transport, unless upon written request from the Customer contained in the Order with which the Customer undertakes to pay the relative costs. If the Products are agreed to be delivered FCA MA SOLAR's factory, by delivery of the same to the Customer or to a third party engaged thereby in time, are always transported on behalf of the Customer and at the risk and liability thereof, also in the case of returns. The Customer must notify MA SOLAR with the necessary instructions for shipment and any other related measure. In the event that the Customer fails to pick up the Products, MA SOLAR has the right to charge 1% (one percent) per month of the invoice value for storage costs (further to what is stated for late payment). Storage is provided at the Customer's risk.

The Customer is always obliged to check the Products and report any eventual shortages/deficits and damage before accepting delivery by the carrier and, thus, before signing the transport document for receipt. In any case the Customer must accept the Products with reservation stating the nature of loss or damage on the transport document and notify MA SOLAR immediately upon delivery. Any eventual latent defects must be notified to MA SOLAR by registered letter within eight days from the date of receipt of the Products. Otherwise the Customer forfeits its relevant rights. The return of Products or packaging is not accepted without the prior written consent of MA SOLAR.

The exclusion of packaging, in the case of goods for which it is normally used, or the use of special packaging, must be expressly requested by the Customer when placing the Order.

MA SOLAR uses standard packaging materials and procedures, it provided that MA SOLAR is explicitly discharged by the Customer of any and all liability related to eventual faults and/or damages deriving from the packaging which, due to force majeure and/or causes not attributable to MA SOLAR, the materials may suffer or cause during transport.

8. LIQUIDATED DAMAGES/DELAYS IN DELIVERY

Liquidated damages for delay are applicable only if expressly indicated in the Order Confirmation. Where MA SOLAR, in the case of delay, is required to pay liquidated damages in accordance to Article 1382 of the Italian Civil Code, the same shall be the sole remedy available for the Customer, thus expressly excluding

reimbursement of any further damages.

Liquidated damages are not due when the delay in the performance is attributable to an unforeseen circumstance or to an event not related with the direct responsibility of MA SOLAR.

Liquidated damages shall be due only when the Customer has notified MA SOLAR by registered letter about its intention to apply the same and shall be due and applicable only from the date of receipt by MA SOLAR of such notification. In any case liquidated damages are not applicable where not demanded within 10 (ten) days from the delivery of the delayed Supply.

The Customer expressly renounces to set off the amounts due as liquidated damages with other sums due to MA SOLAR.

9. TRANSFER OF RISKS

The title of the Supply, and the related risks, shall pass to Customer from the day of delivery of Supply as per relevant Incoterms applied as per clause 7 to the Customer directly or to the carrier, also where delivery is free of carriage or if assembly is included, or where transport is charged by MA SOLAR.

If shipment is delayed or becomes impossible due to reasons not attributable to MA SOLAR, the Supply remains in storage at the expense, risk and liability of the Customer.

10. FORCE MAJEURE

Force Majeure" shall mean any event beyond the reasonable control of the Parties, and shall include, without limitation, the following:

- (a) war, hostilities or warlike operations whether declared or not,
- (b) rebellion, revolution, insurrection, riot, civil war, civil commotion and terrorist acts,
- (c) confiscation, nationalization, mobilization, commandeering, sanctions, blockade, requisition or any other act or failure to act of any local state or national government authority,
- (d) strike, sabotage, lockout, embargo, blockade, industrial dispute, shipwreck, shortage or restriction of power supply, epidemics, quarantine and plague,
- (e) natural catastrophes such as earthquake, storm, fire, flood or inundation, tidal wave,
- (f) munitions of war, explosive materials, ionizing radiation or contamination, nuclear and pressure waves, except as may be attributable to the Party's use of it
- (g) actions or omissions by any state authorities, prohibition on exportation or importation of material or equipment or services.

If a Party is prevented, hindered or delayed from or in performing any of its obligations under the Agreement by Force Majeure, then it shall give notice to the other

Party and shall be excused performance of such obligations for so long as such Force Majeure prevents it from performing them. Force Majeure shall however not apply to any obligation of the Customer to make payments to MA SOLAR herein.

If MA SOLAR suffers delay and/or incurs cost by reason of such Force Majeure, MA SOLAR shall be entitled to an extension of time under the Agreement including time required for demobilization/remobilization and if the event of Force Majeure occurs in the country where the site is located, payment of any such cost.

If the performance of the Agreement prevented, hindered or delayed for a single period of more than sixty (60) days or an aggregate period of more than ninety (90) days on account of Force Majeure either Party may terminate the Agreement as provided.

11. TESTS

The Customer has the right and the duty to notify, in due time, the intention of attending, at its own expense, routine tests of the materials at MA SOLAR's factories. In such event, MA SOLAR will notify the Customer with sufficient warning, the date on which the tests will be executed: if the Customer is not present on such date, the tests will be executed in any case and the results notified thereto.

When the Customer requires and MA SOLAR accepts further unplanned tests, these shall be at the Customer's expense.

No later than 30 (thirty) days from completion of the works by MA SOLAR, the Customer, if so agreed, may request the inspection of materials at its premises or at the installation site, to verify their regular operation.

In this case, all the relevant costs, including travel, labour, transport of the inspectors, shall be borne by the Customer; these tests are executed at the Customer's risk and liability, which must also take responsibility for the complete safety of the workplace, also as required by

Article 25 below.

Once these tests are favourably completed, or the aforementioned period has expired without the Customer requesting the said tests, the Supply is considered accepted by the Customer.

Where, at these tests, the Supply is found not to comply with the Agreement, MA SOLAR shall be put in the position to eliminate the deficiencies as soon as possible. The repair of such defects constitutes the only remedy which MA SOLAR shall be required to implement, with express exclusion of the further damages or the termination of the Agreement.

12. ASSEMBLY

Except as otherwise agreed, the installation of devices and assembly of components and, more in general, of the Supply are executed at the care and expense of the

Customer.

Upon request of the Customer, the installation may be ordered from MA SOLAR at the Prices indicated at the date of request. The Customer must prepare the necessary works and connections in good time and provide all the hook-ups and preparation as necessary, including the safety of the premises where the installation is to be executed.

13. WARRANTY - CLAIMS

MA SOLAR provides the Customer with the following warranties, as described below:

13.1. STANDARD Warranty Plan for Inverters (excluding the PVS-175 Inverter)

The STANDARD Warranty for Inverters covers the material and labour required for their repair at the Repair Center or on site, at the sole discretion of MA SOLAR. See table 1 for further details.

The STANDARD Warranty Plan does not apply to the PVS-175 Inverter.

13.2. STANDARD “+” Warranty Plans for PVS-175 Inverters only

The STANDARD “+” Warranty for Inverters covers the material and labour required for their repair at the Repair Center or on site, at the sole discretion of MA SOLAR, as well as shipment of repaired Inverter (incoterms CPT). See table 1.a for further details.

The STANDARD “+” Warranty Plan applies to the PVS-175 Inverter only.

13.3. ASSURE Warranty Plans for Inverters (excluding the PVS-175 Inverter)

The ASSURE Warranty for Inverters covers early replacement of Inverters or components thereof (power modules, string boxes) as well as shipping costs and labour required for their removal and re-installation on site. See table 1 for further details.

The ASSURE Warranty Plan does not apply to the PVS-175 Inverter.

13.4. ADVANCED Warranty Plans for PVS-175 Inverters only

The ADVANCED Warranty for Inverters covers early replacement of Inverters or components thereof (power modules, string boxes) as well as shipping costs (incoterms CPT). See table 1.a for further details.

The ADVANCED Warranty Plan applies to the PVS-175 Inverter only.

13.5. Warranty Plans for accessories

The accessories also include all monitoring

components if the accessories are not already embedded with the Inverters. The accessories Warranty covers the material and labour required for the repair of the Product at the Repair Center or its replacement, at the sole discretion of MA SOLAR. See table 1 for further details.

13.6. BASE Warranty Plans for Batteries

The STANDARD Battery Warranty only covers the material and labour required to repair the Batteries at the Repair Center or on site, at the sole discretion of MA SOLAR. See tables 2 for further details.

13.7. STANDARD Warranty Plans for Batteries

The STANDARD Battery Warranty only covers the material and labour required to repair the Batteries at the Repair Center or on site, at the sole discretion of MA SOLAR. See tables 2 and 2a for further details.

13.8. ASSURE Warranty Plans for Batteries

In addition to the STANDARD Warranty, the ASSURE Battery Warranty covers early battery replacement as well as shipping costs and labour required for their removal and re-installation on site. See tables 2 and 2a for further details.

Applicable during the Warranty Period between the 1st year and 5th year (included).

The additional ASSURE Service Level for each Battery Pack, effective as from the 5th through 10th year, must be purchased together with the Warranty Extension for the REACT 2 Inverter.

13.9. Warranty for Services

The warranty period is 24 months from performance of the Services. Any claim regarding the Services must be raised in writing, within a maximum term of 60 days from performance, when the time limit for action expires. In the case of Systems, this term is 60 days from execution of the disputed service when the time limit for action expires.

In the case of latent defects, the terms indicated above run from the date of discovery.

Once the warranty period has expired claims are not accepted, even for latent defects.

Where the claim is timely and justified, MA SOLAR's obligation is limited to repetition of execution of the non-compliant service, excluding all rights to the Customer to seek termination of the Agreement and/or compensation of damages.

13.10. COUNTRIES CONCERNED

The STANDARD and STANDARD “+” Warranty Plans for Inverters (save for UNO DM Inverter) and the Inverters' Accessories Warranty Plan are available in all countries

where MA SOLAR distributes Inverters.

The ASSURE Warranty Plan for Inverters (save for UNO DM Inverter) is available only for Inverters for which is bought the warranty ASSURE and installed in the following countries: Australia, Austria, Belgium, Canada, Cyprus, Croatia, Denmark, Estonia, Finland, France, Germany, Greece, Ireland, Israel, Italy, Luxembourg, Norway, Netherlands, Poland, Portugal, United Kingdom, Czech Republic, Romania, Slovakia, Slovenia, Spain, United States, Sweden, Switzerland, Hungary.

The ADVANCED Warranty Plan for PVS-175 Inverters is available only for Inverters for which is bought the warranty ADVANCED and installed in the following countries: Austria, France, Germany, Greece, Ireland, Italy, Luxembourg, Norway, Netherlands, Poland, Portugal, United Kingdom, Czech Republic, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Hungary. The ASSURE Warranty Plan for REACT 2 Batteries is available only for Batteries installed in the following countries and for which is bought the warranty ASSURE: Australia, Belgium, Czech Republic, France, Germany, Hungary, Ireland, Italy, Luxembourg, the Netherlands, Poland, Portugal, Spain, Switzerland, Slovakia and United Kingdom.

The UNO DM Inverter Warranty Plan is available only for Inverters bought and installed in all the European countries plus Australia and United States of America, provided that in the concerned countries where warranty ASSURE is available, the same terms and conditions set for warranty ASSURE will be applied; otherwise, warranty STANDARD will be applied.

13.11. MA SOLAR WARRANTY DURATION

The STANDARD, STANDARD "+", ASSURE and ADVANCED

Warranty Plans for Inverters have a duration of 5 (five) years as of the date of purchase by the Customer, and may in no case exceed a maximum period of 66 (sixty-six) months from the date of shipment from the factory. The Warranty may be extended to a total of 10 (ten) years, provided that the purchase of the Warranty Extension occurs within 12 (twelve) months of purchasing the Inverter. The Warranty Plans for UNO DM Inverter only, have duration of 10 (ten) years as of the date of purchase by the Customer, and may in no case exceed a maximum period of 126 (one hundred-twenty-six) months from the date of the shipment from the factory provided that the serial number of the inverter is registered by the Customer on the following MA SOLAR web site: <https://www.fimer.com/unowarrantyextension>. The Warranty Plans for UNO DM cannot be extended

beyond 10(ten) years.

The STANDARD and ASSURE Warranty Plans for accessories have a duration of 2 (two) years starting from the date of purchase by the Customer and may in no case exceed a maximum period of 30 (thirty) months from the date of shipment from the factory. There exists no Warranty Extension for accessories.

The BASE Warranty Plan for REACT2 Batteries have duration of 2 (two) years starting from the date of purchase by the Customer and may in no case exceed a maximum period of 27 (twenty-seven) months from the date of shipment from the factory.

The STANDARD and ASSURE Warranty Plans for REACT2 Batteries, excluding Batteries installed in Germany, have a duration either (i) for a period equal to 120 (one hundred and twenty) months from the date of purchase and in no case more than 123 (one hundred and twenty-three)

months from the date of shipment from the factory, or (ii) up to the moment 3,650 (three thousand, six hundred and fifty) cycles have been completed, whichever period is shorter, as specified in table 2. The Battery shall in any case be considered as faulty when its Residual Capacity is less than 60% of its rated energy (at the Battery unit level).

For Batteries installed in Germany, MA SOLAR guarantees that the Batteries will have a minimum Residual Capacity of 80% (eighty percent) of the rated energy, either (i) for a period equal to 10 (ten) years from the date of shipment of the Battery, or (ii) up to the moment in which the energy discharged reaches 5,892 (five/eight hundred and ninety-two) MWh, as specified in table 2a.

Furthermore, in order not to lose the Warranty, please consider that if the installation is not performed immediately, the Battery must be stored in an environment with a controlled temperature ranging between -20 °C and +25 °C for no more than six months, or at a controlled temperature ranging between -20 °C and +45 °C for no more than three months, and in any case with relative humidity no higher than 80% without condensation.

Tables 2 and 2a show the definitions and details of the Terms and Conditions for Battery Warranties.

13.12 NEW RANGE

POWERUNO/POWERTRIO/POWERX

The inverters belonging to the Power range benefit from the warranty "Advanced for inverters" in countries categorized as "Advanced" and "Assure for inverters" in countries categorized as "Assure". In all other countries, the inverters of the Power range benefit from our "Standard" warranty. The warranty coverage lasts for 5 years and can be extended to 10 years.

The PowerX batteries benefit from the warranty “Advanced for batteries” in countries categorized as “Advanced” and from the warranty “Assure for batteries” in countries categorized as “Assure”. In all other countries, PowerX batteries benefit from our “Standard” warranty. The warranty coverage lasts for 10 year and it can not be extended.

To avoid invalidating the warranty, in case of postponed installation, the battery must be stored in a temperature-controlled environment according to the following conditions: between -10 °C and +25 °C for no longer than nine (9) months, between -10 °C and +35 °C for no longer than six (6) months, between -10°C and 50°C for no longer than three (3) months. In any case, the relative humidity may not exceed 80% without condensation. In any case, a battery is considered faulty when its capacity is reduced to 60% of its nominal capacity.

13.13. CLAIMS UNDER WARRANTY

All claims under Warranty must follow the procedures described below. The claim must be submitted through one of the following channels:

In Italy:

Via the MA SOLAR Customer web site:

<https://assistenza.solar.fimer.com>

o Via the toll-free number: 800990444.

Outside Italy:

o Via the hotline. The hotline numbers are provided on the Web Sites.

o Via online service at:
<http://solar.fimer.com/contact-fimer-support>

Mandatory information to provide:

- o Product Model
- o Proof of purchase for the Product concerned
- o Serial number (S/N) of the Product figuring on the Product label (it is recommended that a picture of the Product label is provided in .jpg format)
- o Description of the problem and, where applicable, the error code displayed on the Product
- o Customer's business data (name and full address of the contact person)
- o Business data of the Party requesting assistance (name and full address of the contact person) e-mail address of the Customer address of the installation site
- o Installation site.

MA SOLAR will provide a CARE code associated with the claim. The CARE code must be indicated in all correspondence throughout the handling of the claim. In case of non-compliance with the procedure or inaccurate or incomplete information, MA SOLAR will not take the claim into consideration.

MA SOLAR shall invoice all expenses and costs incurred by the inspection and transportation of the returned Product (or Product inspected on site, as appropriate) that do not present defects after being inspected by MA SOLAR.

13.14. HANDLING OF CLAIMS

Claims shall be handled following one of the following procedures, at the sole discretion of MA SOLAR:

- o Return and repair
- o Replacement with a reconditioned device
- o Early replacement with new, repaired or equivalent Product at the sole discretion of MA SOLAR (with ASSURE Warranty only)
- o On-site repair
- o Possible reimbursement, at the sole discretion of MA SOLAR.

The above Warranties are exclusive and supersede any other quality and performance warranties, whether written, verbal or implicit; any other guarantees, including any implied warranties of merchantability or fitness for a particular purpose, are hereby excluded by MA SOLAR. The handling of the claims shall be subject to the terms and conditions set out in Article 15.3 below.

13.15. EARLY REPLACEMENT (ADVANCE SWAP) UNDER ASSURE AND ADVANCED WARRANTY PLANS

The ASSURE and ADVANCED Warranty Plans provide for a replacement unit. MA SOLAR shall ship a replacement Inverter or components thereof (power module, string box or Battery) before the Product suspected to be defective is shipped to an MA SOLAR Repair Center. This unit may be new, reconditioned or equivalent, at the sole discretion of MA SOLAR.

The (early) delivery of the replacement unit does not in any case amount to the recognition by MA SOLAR that the Product which is the subject of the claim is under Warranty. MA SOLAR's approval or rejection of the claim shall be communicated only after MA SOLAR has inspected the returned Product.

The Customer must make the defective Product available for return within 7 calendar days from the delivery of the replacement unit, using an appropriate packaging, as per the replacement unit supplied.

The allegedly defective Products must be returned to an MA SOLAR Repair Center for claim validation. Should the claim be confirmed, the remaining Warranty period of the defective Product will be transferred to the replacement unit. If the defect is not covered by a Warranty (see Article 13.16), the claim will be rejected, and the costs incurred (relating to logistics, administration, fault inspection and purchase of the Replacement Product) shall be invoiced to the Customer, without making the

Replacement Product's Warranty invalid.

In case the MA SOLAR Repair Center does not receive the allegedly defective Product within the aforementioned period, the Replacement Product's Warranty may be invoked only once the Product has been returned to MA SOLAR. In any case, if the allegedly defective Product happens to be returned to MA SOLAR after the aforementioned 7 (seven) calendar day period has elapsed, MA SOLAR shall be entitled to charge the Customer a lump sum of EUR 100 (one hundred) as administrative fees, regardless of whether or not the Product falls within the Warranty Terms.

MA SOLAR undertakes to perform the inspection within 3 (three) months of the allegedly defective Product's delivery.

13.16 INDEMNITY

Exclusively with regards to the warranty level "Assure for inverters" FIMER may decide not to carry out any on-site intervention, but rather to arrange the shipment of a replacement inverter and to pick up the faulty inverter from the customer at FIMER's own expense. In such case, the removal of the faulty inverter and the replacement of the same will be managed by the customer who may carry it out autonomously. MA Solar reserves its right to evaluate the technical feasibility of such process and to notify the outcome to the customer. If the customer carries out the procedure independently, MA Solar will provide a flat-rate reimbursement as a compensation ("Indemnity") for the replacement costs beared. The amount of the reimbursement will be defined based on the applicable pricelist named "Indemnity" established by MA Solar.

13.17. ON-SITE ASSISTANCE

In case of on-site assistance (including early replacement), as decided by MA SOLAR, the qualified technician shall be selected by MA SOLAR.

For this kind of assistance, the Customer is required to (and is responsible for) ensuring access to the system and providing the necessary equipment for this purpose (scissor lift, for example).

The Customer shall also ensure that the plant and the work environment is provided with the appropriate health and safety requirements envisaged by law.

The qualified technician may refuse to perform an operation where the conditions set out by the health and safety regulations are not met.

Should the above conditions not be met, MA SOLAR shall charge the Customer any costs, including –but not limited to– the costs relating to the qualified technician who could not access the site and/or the

Product.

13.18. WARRANTY DISCLAIMER

Warranty claims are excluded in the following cases:

- o Expiration of the Warranty Period.
- o Mechanical damage during transportation of the defective unit when the Product is conveyed under the responsibility of a third party.
- o Any modification made to the Product that has not been authorized by MA SOLAR.
- o Improper installation or commissioning.
- o Improper use of the Product.
- o External event (over-voltage, malfunction of other components of the system causing the Product to break down, etc.).
- o Failure to comply with the Product documentation (Product manual, installation instructions, preventive maintenance).
- o Force majeure, including –but not limited to– lightning, over-currents, natural disasters and fires.
- o External agents, including acid rain, salt, vandalism or other pollutants.
- o Failure to (properly) implement safety rules.
- o Use in combination with unauthorized equipment, products or materials, as per MA SOLAR documentation.
- o For Batteries, in case of failure to comply with the storage conditions, as expressed under point 4 above, in the absence of immediate installation.

Given the evolution of the technology, the replacement unit or a new device available at the time of the claim may not be compatible with the installed system. The Warranty does not cover any expenses and/or costs incurred as part of the configuration, update or adjustment of the system to enable the installation of the Product. Unless otherwise agreed, MA SOLAR shall not pay any financial compensation, including –but not limited to– the compensation for any energy not supplied to the network by the system during any assistance activities, including preventive and corrective maintenance.

Spare parts for preventive maintenance and consumables are not covered by the Warranty (e.g. over-voltage protection devices, fuses, etc.).

14. SUSPENSION OF DELIVERY

MA SOLAR shall have the right to suspend deliveries where the Customer fails to make a single payment by the agreed deadline, or proves to be a defaulter under another agreement or other general obligations towards MA SOLAR. MA SOLAR may also suspend deliveries after the conclusion of the Agreement, in the event that the Customer's economic conditions substantially change, as in the case of one or more complaints, enforcement actions, constitution of pledges and/or mortgages, request for receivership, pre-bankruptcy agreement among creditors, or cessation of activity.

15. LIMITATION OF LIABILITY

With regard to the Supply, without prejudice to the legal mandatory provisions, MA SOLAR's liability towards the Customer concerning direct damages, of a contractual nature or of any other nature, and any other existing form of compensation and/or indemnity provided for by law and/or by these Terms and Conditions and/or by the Agreement, shall in no case exceed a total amount equal to 100% of the Supply Price. Except for the mandatory limits of the law, MA SOLAR shall not be required to indemnify the Customer for lost profits and/or any indirect and/or consequential damages. In particular, by way of example and not exhaustively, MA SOLAR shall not be called upon to compensate damages related to loss of turnover, loss of profit, loss of contract, damages deriving from the lack of efficiency of the work carried out. On no account shall MA SOLAR indemnify the Customer for any damage, due on any basis whatsoever, for which the Customer has been demanded to make compensation to third parties.

In case of conflict of interpretation, the provisions contained in this article shall prevail over any other provision that may be otherwise contained in the Terms and Conditions and/or the Agreement.

The Customer may not suspend the performance of obligations by availing itself of the Warranty.

16. EXPORT CONTROL

The Customer agrees not to disclose, use, export or re-export, either directly or indirectly, the Supply, unless in full compliance with all applicable regulations on export control. The Customer hereby declares and guarantees that the Supply will not be used, either directly or indirectly, for military or nuclear applications, for the design or production of chemical or bacteriological weapons or chemical precursors of such weapons, for the design or production of nuclear weapons, or for the design or production of ballistic missile launching systems without the prior written consent of MA SOLAR. Should it be necessary for delivery to the Customer, MA SOLAR will request an export license from the competent national authorities but only after the Customer has provided MA SOLAR with all the documentation required to support the license request. The Customer is required to provide such documentation within a reasonable period of time. Any delay in issuing this license will result in the suspension by MA SOLAR of the services provided for in the Agreement. In case an export license is not issued or is issued but subsequently revoked by governmental authorities, the Agreement may be cancelled by MA SOLAR without the possibility of

making any claim for compensation to MA SOLAR as a result of said cancellation. The Customer is required to provide MA SOLAR with a letter of guarantee for export control

or an end user declaration in the form that MA SOLAR shall deem appropriate.

Throughout the duration of the Agreement, the Customer also agrees not to export, re-export or otherwise transfer the Supply, either directly or indirectly, to any country, legal person or natural person subject to restrictions under national or multilateral sanction programs.

The Supply of Products intended for export, in the case of non-Italian Customers, shall be possible only after the necessary authorization has been obtained from the competent governmental authorities.

MA SOLAR will have the right to refuse to deliver the Products to a carrier not approved by MA SOLAR if the delivery is arranged by the Customer.

17. RE-EXPORTATION PROHIBITION TO THE RUSSIAN FEDERATION OR TO BELARUS

(1) The Customer shall

a) not sell, export or re-export, directly or indirectly, to the Russian Federation or Belarus or for use in the Russian Federation or Belarus any goods supplied under or in connection with this Agreement that fall within the scope of Article 12g of Council Regulation (EU) No 833/2014 and/or Article 8g of Council Regulation (EC) No 765/2006;

b) not use or allow others to use, directly or indirectly, intellectual property rights, trade secrets, or other information in connection with any goods supplied under or in connection with this Agreement that fall within the scope of Article 12ga of Council Regulation (EU) No 833/2014, for use in or export to the Russian Federation or Belarus;

c) ensure that any sublicenses or agreements with third parties incorporate the restrictions outlined in paragraph (1b), including prohibitions on using intellectual property rights, trade secrets, or other information for the specified purposes.

(2) The Customer shall undertake its best efforts to ensure that the purpose of paragraph (1) is not frustrated by any third parties further down the commercial chain, including by possible resellers.

(3) The Customer shall set up and maintain an adequate monitoring mechanism to detect conduct by any third parties further down the commercial chain, including by possible resellers, that would frustrate the purpose of paragraph (1).

(4) Any violation of paragraphs (1), (2) or (3) shall constitute a material breach of an essential element of this Agreement, and MA SOLAR shall be entitled to seek appropriate remedies, including, but not limited to:

i) termination of this Agreement; and

ii) a penalty equal to 5% of the total value of this Agreement or the price of the goods exported, whichever is higher.

(5) The Customer shall immediately inform MA SOLAR about any problems in applying paragraphs (1), (2) or (3), including any relevant activities by third parties that could frustrate the purpose of paragraph (1). The Customer shall make available to MA SOLAR information concerning compliance with the obligations under paragraph (1), (2) and (3) within two weeks of the simple request of such information.

18. SPECIFIC TERMS FOR AUSTRALIA

According to the Australian Consumer Law, MA Solar declares that:

“Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure”

The following product versions, in addition to being subject to the warranty, are subject to the specific terms for Australia:

UNO-DM Series

UNO-DM-2.0-TL-PLUS-B-Q / UNO-DM-2.0-TL-PLUS-SB-Q
UNO-DM-3.3-TL-PLUS-B-Q / UNO-DM-3.3-TL-PLUS-SB-Q
UNO-DM-3.6-TL-PLUS-B-Q / UNO-DM-3.6-TL-PLUS-SB-Q
UNO-DM-4.0-TL-PLUS-B-Q / UNO-DM-4.0-TL-PLUS-SB-Q
UNO-DM-4.6-TL-PLUS-B-Q / UNO-DM-4.6-TL-PLUS-SB-Q

19. EXPRESS CANCELLATION CLAUSE

In accordance with Article 1456 of the Italian Civil Code, MA SOLAR may terminate the Agreement upon the occurrence of any of the following events:

- non-payment by the Customer by the terms agreed in the Price and/or the relative variations of the same foreseen at Article 4 of these Terms and Conditions;

- non-compliance with Article 20 “Code of Conduct” non-compliance with Article 25 “Activities at the Customer’s premises – safety at work” and the provisions in matters of occupational health, safety and hygiene, and environmental protection, with specific but not limited reference to Legislative Decree no. 81/2008, as amended;

- failure to respect the limitations and obligations envisaged at Article 16 “Export Control” and 17 “Re-exportation prohibition to the Russian Federation and to Belarus;

- non-compliance with the provisions of Article 19 “Intellectual Property Rights”.

MA SOLAR shall notify the Customer of its intention to terminate the Agreement with formal notification by registered mail. The termination of the Agreement will be effective from the date of receipt by the Customer of such a letter.

20. INTELLECTUAL PROPERTY RIGHTS

The Parties do not grant each other the right to exploit their brands, commercial names or other denominations (or those of their respective Corporate Groups) in any type of publication, including advertising, without the prior written consent of the other proprietorParty.

Each Party grants the other only the licenses and rights expressly specified in the Order Confirmation.

All data, information, documents, as well as the intellectual property rights whether registered or not (hereinafter collectively indicated as the “Documentation”), in whatever form transmitted, remain the sole and exclusive property of MA SOLAR and are supplied to the Customer only for the performance of the Agreement.

The Customer shall not use the Documentation received for reasons other than those foreseen under the Agreement; the Customer shall not communicate to third parties, reproduce or license the Documentation received without the explicit prior written authorisation of MA SOLAR.

The Customer shall return the Documentation received to MA SOLAR along with all copies (if any) upon simple request from MA SOLAR whenever the said Documentation is no longer necessary for the performance of the Agreement and/or of for the use of the Supply, except as otherwise agreed by the Parties.

If the Customer intends to use the Documentation provided and the relevant Supply to incorporate the same in other goods/documents, the Customer shall be responsible to ensure that in the use to be made thereof, the industrial property rights of third parties are not breached and exclusively assumes full liability for the consequences deriving from any possible violations, keeping MA SOLAR fully indemnified from/for all kind of liability. In any case, if the Agreement is executed by MA SOLAR on the basis of the Customer’s specific technical

documentation, MA SOLAR assumes no liability for any eventual violation of the industrial property rights of third parties and the Customer shall keep MA SOLAR fully indemnified from/for of all kind of liability.

21. CODE OF CONDUCT

MA SOLAR has adopted a Code of Conduct known as “Code of Ethics”, which is available at: www.fimer.com. All relationships with MA SOLAR and its personnel must comply with this Code of Conduct.

22. DATA PROTECTION

MA SOLAR recognizes that, on the basis of, and in compliance with the applicable law on personal data protection, all data provided by the Customer shall be exclusively processed for the purposes described in the information note on personal data processing, available on the MA SOLAR web site: www.fimer.com.

23. GOVERNING LAW AND JURISDICTION

The Agreement is governed by Italian law. Any dispute regarding the validity, interpretation, execution and/or termination of the Agreement, the Terms and Conditions, the Order and/or the Order Confirmation shall be referred to the exclusive jurisdiction of the Court of Arezzo, Italy. In any case, the Vienna Convention on Contracts for the International Sale of Goods of 1980 shall not apply to the Agreement.

24. WITHDRAWAL

MA SOLAR has the right to withdraw from the Agreement upon the occurrence of any of the following events:

- changes in Customer's ownership or structure;
- within thirty (30) days after an event of force majeure in accordance to Article 10 “Force majeure”.

In the case of termination, the Customer shall return to MA SOLAR the designs, drawings and technical documentation owned by the latter, with no right to indemnity or compensation of any kind. MA SOLAR shall notify the Customer of its intention to withdraw from the Agreement by sending a registered letter. Termination shall be effective from the date of receipt of such notice.

25. EXECUTION OF ORDINARY AND SPECIAL MAINTENANCE

The activities of installation, commissioning rollout, maintenance and repair may be executed solely by MA SOLAR personnel or by personnel adequately trained and authorised by MA SOLAR in compliance with all safety rules. Where MA SOLAR is not engaged for the installation, commissioning roll out, maintenance and repair work, MA SOLAR cannot, in any way guarantee that the Products supplied by MA SOLAR are fit for use.

26. ACTIVITIES AT CUSTOMER'S PREMISES - SAFETY AT WORK

In the case of activities at Customer's premises, the Customer is required to provide to MA SOLAR with all the following:

- the full safety of the plant at Customer's premises and/or of the Customer site at which MA SOLAR activities are to be undertaken;
- free access, sufficient space as well as, in general, whatever may be necessary and possible, so that MA SOLAR may perform its duties and, in particular, the supply of electrical power and the availability of lifting equipment for the use of the equipment necessary for the execution of the activities at Customer's premises. The Customer shall also give MA SOLAR prior notice of all the risks present in the work area and implement and guarantee all related and necessary prevention and protection measures and the emergency plans, so that MA SOLAR personnel is not exposed to the said risks and dangers and so that health and safety at work is adequately safeguarded.

The Customer shall notify MA SOLAR in writing, in the name of its Safety Manager responsible for the activities to be undertaken and responsible to meet the MA SOLAR personnel before the beginning of the operations.

In the interest of both Parties and in order to provide safe working conditions, before activity begins the Customer must provide MA SOLAR personnel with all information regarding the Customer and the safety conditions in the areas and of the plant where they are to work.

MA SOLAR personnel may refuse to begin the activities until they are adequately informed on the safety conditions. In any case, it is the Customer's duty to prevent MA SOLAR personnel from accessing the Customer's site and the relative plant until full completion of all the operations intended to assure the absolute safety of work on the plant or part of the plant involved in the operations. MA SOLAR operations shall always be performed with the continuing assistance of the Customer's expert personnel and with the use of all protection devices, including special equipment suitable for safeguarding health and safety. In the case of accident or injury to MA SOLAR personnel, the Customer shall grant MA SOLAR free access to the accident site to ascertain the relevant cause(s).

27. ITALIAN LAW 136/2010

Before the signature of the Agreement, the Customer shall inform MA SOLAR if the Agreement itself is subject to the provisions of the Italian Law 136/2010 and subsequent amendments and integrations.

In this case, before the signature of the Agreement, the Customer shall notify to MA SOLAR the so called Codice Identificativo di gara (GIC) and, if required, the so called

Codice unico di progetto (CUP). Furthermore, in this case, whatsoever financial transfers relevant to the Agreement performance shall:

- i) be done exclusively through bank or postal transfer or through Ri.Ba. (electronic bank receipt)
- ii) be identified by the GIC code and, if required, by the CUP code CUP.

The Customer is hereby acquainted that, in the absence of the above information within the abovementioned deadline, MA SOLAR shall be unable to fulfil the obligations provided for by Italian Law 136/2010 in respect both of the Customer and of the subcontractors eventually utilized by MA SOLAR to perform the Agreement with the Customer.

The Customer shall be the sole responsible for any consequences deriving from the absence of the above information within the abovementioned deadline and shall indemnify and keep MA SOLAR harmless from any damages or consequences.

28. COVID-19 CLAUSE

If, during the term of the Agreement, there are any measures (including, without limitation, controls, restrictions or other measures) taken by competent authorities, by MA SOLAR and/or others in connection with the outbreak of a Coronavirus (commonly known as COVID-19) or any mutation of such virus which directly or indirectly affect (such as, without limitation, in the country in which the agreement is performed and/or in any travel through) the performance of the Agreement (including but not limited to cost and/ or time) and/or if any consequences whether directly or indirectly resulting out of, or in connection with COVID-19 lead to delays in delivery of the Products and/or in performance of the Services or otherwise affect MA SOLAR's contractual obligations or duties, an equitable adjustment to the Agreement must be made

– as notified and based on documentation provided by MA SOLAR – to (i) the date of delivery or completion, (ii) the price, which must be increased to compensate MA SOLAR for any increase in costs, or (iii) any other MA SOLAR's commitments or obligations, taking into account the impact of such measures advised or taken by the WHO, authorities, business partners or MA SOLAR protecting or intending to protect the health and safety of humans and/or to prevent or mitigate any health risk.

According to Article 1341 of the Italian Civil Code, the following clauses are specifically accepted and approved:

2 Structure of the Agreement

3 General Terms

6 Delivery Schedule

7 Delivery – packaging – Shipment and Trasport

8 Liquidated damages /Delays in delivery

11 Tests

13 Warranties - Claims

14 Suspension of Deliveries

15 Limitation of liability

16 Export control

17 Re-exportation prohibition to the Russian Federation or to Belarus

19 Intellectual Property Rights

20 Code of Conduct

22 Governing Law and Jurisdiction

23 Withdrawal

24 Execution of Ordinary and Special Maintenance

25 Activities at Customer's Premises - Safety at Work

26 Italian law 136/2010

27 Covid-19 clause

Australia, Belgium, France,Czech Republic, Hungary, Ireland, Italy, Luxembourg, the Netherlands, Poland, Portugal, Spain, Switzerland, Slovakia and United Kingdom.

Cycle: refers to the energy discharged during an effectively produced energy cycle, divided by the rated capacity of the module
Battery efficiency: refers to the Residual Capacity; this CANNOT be lower than 60% (based on the Battery unit level); in case MA SOLAR confirms this value, the Customer will be entitled to the module

and/ or Try for the repair/replacement provided for by the Warranty
Residual Capacity: actual capacity of the Battery in relation to the Rated Capacity
In order to properly determine the Residual Capacity of the Battery, the following test must be conducted in an environment characterized by a temperature of +23 °C (tolerance ± 5 °C):

the Battery must be completely discharged following the standard discharge conditions (C/3) and left idle for 1 day

- o the Battery must be charged with constant current C/3 (C refers to the rated capacity [Ah] of the Battery); once maximum operating voltage is reached, it must be charged at constant voltage
- o Keep the charge at constant voltage until the current drops below C/20
- o Leave it idle for 10 minutes
- o Discharge the Battery through C/3 constant current until the cut-off voltage is reached (minimum operating voltage); this operation will allow the Residual Capacity of the Battery to be measured.
