**Factory Inspection \*\***  
To document the consistent quality of  
the product factory inspection are  
performed periodically.

**Remarks:**

\* The SUB-Manufacturing plants are under a periodic factory surveillance programme which is documented in inspection report.

\*\* The report of the factory inspection includes the requirements of GSE applicative rules.

In detail: visit has been performed to each factory and inspection of manufacturing process and components' check have been performed in order to guarantee a constant quality level as used for type test for compliance to CEI 0-21, for LV connection. Components' check has been based on the list of critical components indicated in the test report issued for type test for compliance to CEI EN 62109-1 (test report issued by an accredited testing Laboratory recognized under ILAC agreement).

**Certification Body**
